

C Program:

```

#include <reg51.h>

void main()
{
    unsigned char hex = 0xCF;
    unsigned char hundreds, tens, units;
    unsigned int decimal;

    decimal = hex;

    hundreds = decimal / 100;
    decimal = decimal % 100;

    tens = decimal / 10;
    units = decimal % 10;

    P0 = hundreds;
    P1 = tens;
    P2 = units;

    while(1);
}

```
